Mohican

The mode of founding a college is, commonly, to get up a subscription of dollars and cents, and then, following blindly the principles of a division of labor to its extreme--a principle which should never be followed but with circumspection--to call in a contractor who makes this a subject of speculation, and he employs Irishmen or other operatives actually to lay the foundations, while the students that are to be are said to be fitting themselves for it; and for these oversights successive generations have to pay. To create a sense of suspense and excitement, you need to need to do two Biographies generally bore me, and this was no exception.
