All this leads us to the conclusion that there is a
predominant idea among contemporary scholars which rejects
attributing to the young Goya works previous to his journey to
Italy, dated the end of when he was already 23 years old and
when we may suppose him to have gained some artistic
experience mainly because they consider that there do not
exist sufficient reasons to make a pronouncement on his
authorship. In its most general terms, photographic
composition is the art of composing an image through framing.
